Athletics

Important information regarding athletic transportation

Due to the bus driver shortage, NRT has informed us that they may have issues supplying buses to some of our games.

They will not know for sure until they organize the routes for any given week. Typically the routes for the following week are set by Friday. NRT will inform Tahanto of any disruptions to the schedule for the next week every Friday. If there are issues for a given week, we will be as creative as possible to work through them,

however, it could result in certain sports teams needing later starting times, or PPD of games to later in the season. We will do our best to deal with these situations.
