

## Post-Construction Affidavit- Asbestos Containing Materials

Project Location: 1001 Main Street, Boylston, MA

Project Description: **New Construction for the Tahanto Regional Middle/High School**

I, Deborah Collins, as Project Architect for HMFH Architects, Inc. for the above project, certify that to the best of my knowledge, information and belief, the plans and specifications for the New Construction of the Tahanto Regional Middle High School, dated April 20, 2011 did not call for use or provision of any asbestos containing materials.

I further certify that I or my representative made visits on a regular and periodical basis from start to completion of construction to observe compliance with the approved plans and specifications and that, to the best of my knowledge, no asbestos containing materials were used or provided in the new construction materials incorporated into the project.
